14. ABSTRACT The U.S. Army Research, Development, and Engineering Command, and the University of Southern California (USC) Institute for Creative Technologies, are collaborating to develop UrbanSim, a computer game that helps the military train for urban environments such as those encountered in some areas of Iraq and Afghanistan. USC Professor Dr. Andrew Gordon joined the program to talk about the game's story-driven elements and the integration of real-world and nonfictional stories.
